

The Values In Our Capstone 8 Are Responsible For These 6 New Opinions!

WE ARE GRATEFUL FOR EVERY ONE OF THEM

“Capstone gave our Association Health Plan new life when they partnered with our health insurer. As an insurance agent’s association, we understand the complexity of navigating the AHP regulations and of managing a health plan. Capstone’s comprehensive services and caring, compassionate people have given us constant peace of mind.”

Frank Sheppard
President
Independent Insurance Agents
and Brokers of South Carolina

“I’ve had the pleasure of working with the Capstone team now on a couple mutual clients. When it comes to associations and MEWA’s, Capstone’s depth of knowledge into the daily administration of these very unique clients knows no bounds. Having a partner that is as customer focused as I am while possessing a wealth of knowledge about this particular clientele has allowed us to enjoy a wonderful relationship while serving our customers in the best way we know how.”

Michael Piercefield
LHD Benefit Advisors

“Capstone Administrators is a great partner for this benefit. From the day they stepped in as an administrative solution for our Association Health Plan, they’ve demonstrated the ability, desire, and knowledge to handle every technical and challenging aspect of our Plan. Whether it was working with our board members, our sales team, or day to day service, they have been beside us at every step. I can’t imagine using anyone else.”

J. Richards Todd
President & CEO
South Carolina Trucking Association

“Capstone has done an amazing job! Everything is handled smoothly. Whenever there have been issues or questions, they take care of it quickly. We are very happy with everything so far and glad that we chose them as a partner for the AHP.”

Timothy P. Tacheny
General Counsel
Minnesota Credit Union Network

“Capstone’s knowledge and expertise in the Association Health Plan market is unparalleled. With their support, we launched our new AHP in less than two months and then they continued to guide us to achieve overwhelming success during our first year.”

Mark Nix
Executive Director
Home Builders Association
of South Carolina

“Capstone Administrators has been the foundation for success in the Indiana Employers Trust health insurance program. Aaron Curtis and his knowledgeable staff have the experience, passion and technology to provide seamless solutions for any type of multi-employer or large single employer benefit arrangements. Capstone was able to quickly engage with our program and enhance the services and scope of offerings to our plan which is a competitive advantage in our market. The attributes that I have described make Capstone a great choice, however, the most important component to me personally is the people. You will not find a group of more compassionate, caring and honest people than at Capstone. The culture is exceptional from top to bottom, because they do it right.”

Steve Church
Partner | VP of Associations - LLH

Thank you!

These warm words humble us and we continue to believe it’s a privilege to make things simpler for you!
